

Glass Open Book

O.M.S. Group

PACKAGING SOLUTIONS. SINCE 1949

Description: Established in 1949 and based in Paruzzaro, 50 km west of Milan. OMS Group has a long-established tradition of designing and manufacturing world-class strapping, hooding (stretch & thermoshrinking) and wrapping systems for end-of-line packaging of palletized products for all market sectors.

OMS GROUP is leader in the development and production of equipment and systems for the glass industry. In addition to the Italian headquarter, the group consists by 12 subsidiaries located in Italy, Europe, USA, Asia and Oceania.

Our Experience: The Group's competence and experience in the field of integrated systems for packaging lines and facilities, accumulated in more than half a century, are without equal. OMS constantly develops and updates its technological platforms aimed at customized and innovative solutions for its customers, offering the benefits of better performances and cost savings.

Our Machines: A complete production of end-of-the-line packaging machines for glass sector: complete strapping, stretch and shrink film hooding. Our machines' reliability is guaranteed by years of experience, a qualified staff and a structure which exploits the most modern organizational criteria.

Our Philosophy: Consolidation and enlargement of the worldwide sales and assistance network as well as continuous research to continuously improve machine performance in order to reduce costs and to use materials with the least possible environmental impact.

OMS Group a matter of Packaging
