Interpane Glas Industrie AG

AGC INTERPANE

Follow the company

Description:	Interpane is a medium-sized corporate group and one of the major European glass processors. Our product range includes float glass and low-iron float glass for photovoltaic and solar thermal applications, high-quality coated insulating glass, sound-proofing glass, solar-control glass, safety glass and all-glass doors and panels. Today, the Interpane group comprises production facilities at ten locations in Germany, Austria, and France. The headquarters is located in Lauenförde, Germany. In addition, Interpane produces float glass at Seingbouse in France. Interpane Entwicklungs- und Beratungsgesellschaft in Lauenförde is the group's research and development centre and their services are also available to our partners and customers when it comes to finding solutions for their applications.
Location:	Germany
