Glass Open Book

Arglass

Flexible · Efficient · Sustainable

Description:	We are the only flexible and efficient glass container manufacturer in the United States. In an industry largely focused on products that require long production runs, we offer the glass container market a superior alternative based on our three principles: Flexibility, Efficiency and Sustainability. Arglass will transform the North American glass container market by creating a network of next-generation manufacturing plants.
Location:	United States
Sectors:	Glass container
Activities:	Glass manufacturer
