He Rui Optics Co.,Ltd

Lenses Prisms Windows Mirrors Filters Infrared Optics Coatings crystal

Description:

He Rui Optics Co., Ltd. is located in Changchun City, Jilin Province, which is known as "China Optical Valley".

He Rui Optics customizes various optical components include spherical lens, optical prism, optical window, optical filter, cylindrical lens, aspherical lens, optical mirror, laser mirror, optical filters and related products of high precision processing.

Widely used in military, scientific research, health, biological engineering, astronomical observation and used in laser, electronics, semiconductors, telecommunications, thermal imaging and other aspects.

We have been in line with the "customer first, quality first, service first" purpose, strict quality, control processing and delivery time, optimize service. To meet the needs of customers, to achieve customer satisfaction, win the trust of customers. sales@hr-optics.com

PRODUCTS

Lenses

Spherical Singlet Lenses

Doublet Lenses

Triplet Lenses

Half Balls

Balls

Domes

Rod Lenses

Cylindrical Lenses

Infrared Lenses

Lens Assembly

Aspherical Lenses

Fresnel Lenses

Prisms

Right Angle Prisms

Roof Prisms

Penta Prisms

Dove Prisms

Wedge Prisms

Retroreflectors

Klag Prisms

Light Pipes/Blocks

Beamsplitters

Rhomboid Prisms

Porro Prisms

Equilateral Prisms

Windows

H-K9L(N-BK7) Windows Fused Silica Windows

Sapphire Windows

Borosilicate 3.3 Windows
